

Federal Communications Commission

Subject: Docket # "02-278" File # "DA 05-1347"

To Whom It May Concern:

Please DO NOT weaken or in any way negate Indiana's current Do-Not –Call list.

This regulation has been an exceptional aid to peace and quiet in our home. And, is respectful of the private telephone service that we pay for. Our telephone service is NOT a public service and should never be interpreted as such.

Be advised I will not support any politician or business who so disrespects my personal and privately funded home and telephone service.

Again, please act in support of Indiana's Do-Not-Call legislation and show respect for Indiana citizens. Do not support big-business banks or other concerns.

Your consideration is appreciated.

Sincerely,

Michael F. Craven
33 Meridian Pl
Indianapolis, IN 46205
